

BASKET-MILL WET MILLING MACHINES

*The quality
coming with the
experience...*

www.sozer.com

The right choice of excellence since 1946

STANDARD PROPERTIES

- * Floor mounted
- * Cooling system grinding basket
- * Special double suction disc
- * Movable vessel cover system
- * Temperature measurement system
- * Vessel support and centering system
- * 10 – 2.000 lt. production capacity range
- * Driving power from 1,5 to 90 Kw
- * Electro-Hydraulic move up and down controlled system
- * Operator panel with button control and display
- * Electrical safety equipment suitable for work safety principles

OPTIONAL SPECIFICATIONS

- * Movable vacuum system
- * Ex-proof design with ATEX Zone 1 IEx dIIB t4 standarts
- * Automatic up-and-down feature
- * Double jacket vessel system for cooling
- * Weight measurement system
- * Liquid and powder raw material feeding system
- * Recipe controlled automatic PC / PLC control system

BASKET-MILL WET MILLING MACHINES

Machine Type	SBM 10-L	SBM 100-I	SBM 300-I	SBM 500-I	SBM 1-I	SBM 2-I
Main Engine Power (Kw)	1,5 - 3	11 - 22	15 - 22	22 - 37	37 - 75	55 - 90
Milling Speed (rpm)	0-3000	0-1500	0-1500	0-1500	0-1000	0-1000
Total Volume (Lt)	10	100	300	500	1000	2000
Efficient Volume (Lt)	2 - 8	20 - 80	60 - 240	100 400	200 - 800	400 - 1600
Basket Volume (Lt)	0,25	5	10	20	30	50

APPLICATIONS OF BASKET-MILL WET MILLING MACHINES

Industrial Paints

Various Coatings

Plant and Agricultural Products

Automotive Repair Paints

Printing Inks

Agricultural Chemicals

Marine paints

Silkscreen Inks

Energy Products

Leather Paints

Ceramic Products

Wax-Based Materials

Wood Varnishes

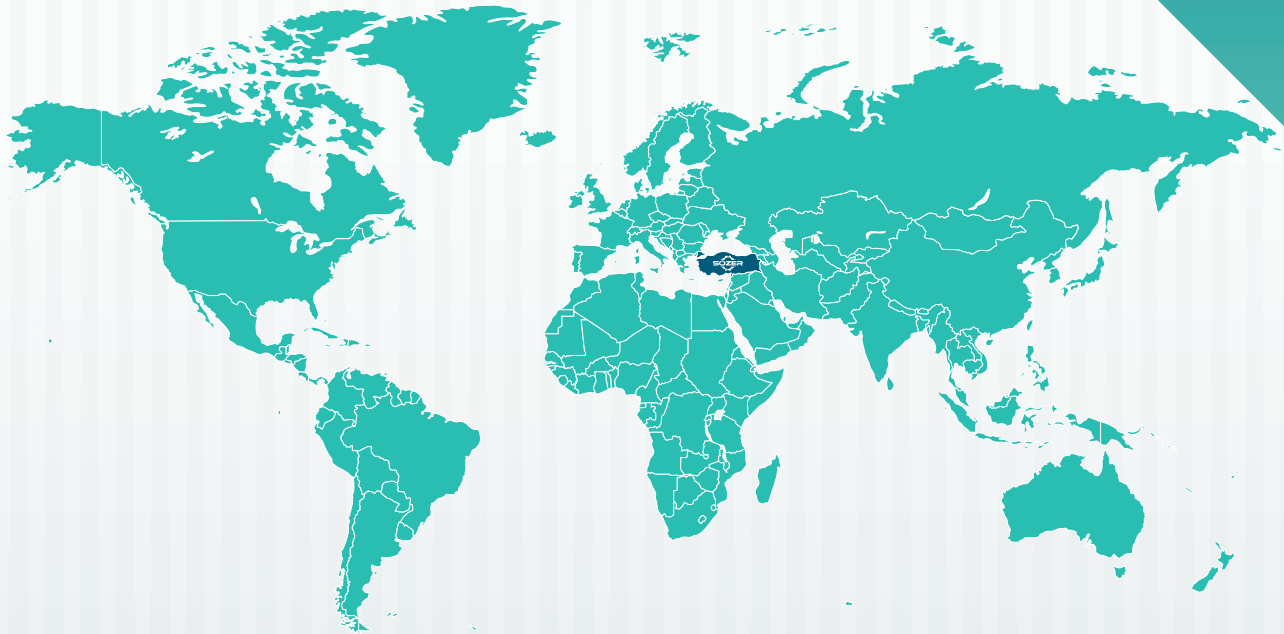

Cosmetic Products

Pigment Paste and Colouring Products

“Your Solution Partner For Sustainable Success”

www.sozer.com

SÖZER MAKINA exports approximately 70% of its annual production today. As of the end of 2019, it shares its manufacturing technology and services with contacts in 52 different countries worldwide as well as distinguished Turkish firms. Our specialized engineers and technicians perfectly provide design and project design, production after-sale services.
